JACKSONVILLE, ILLINOIS, TUESDAY MORNING, MARCH 1, 1904

## JAPS RENEW THE ATTACK

### BOMBARD PORT ARTHUR AGAIN

Engagement Takes Place at Ping Yang, Corea—Japanese are Bound to Capture Port Arthur—Other News.

London, March 1.—A dispatch to the Telegraph from Yn Kow, dated Feb. 28, says:

"Fifteen Japanese warships furiously bombarded Port Arthur from 10 to 12 o'clock this morning. The Russian cruisers Novik, Askold and Bayan, accompanied by four torpedo boats, steamed out to meet the attack. They were, however, forced to retire. The Askold was in a sinking condition, the Novik badly damaged and a torpedo boat sunk. The Russian battleship Retvizan was again damaged. The Japanese withdrew in good order."

As usual, the Japanese in this attack, did not remain long enough off the harbor to enable the gunners to get their range. The fact that the same three cruisers, the Bayan, Askold and Novik, came out to meet the attack suggests either they were the only effective ships there or that the larger battleships were unable to get out.

A Shanghai dispatch to the Chronicle says that Russians are transferring guns from the disabled ships at Port Arthur to the forts there.

The Tokyo correspondent of the Times cables that the steamers sunk by the Japanese on either side of the Russian battleship Retvizan at Port Arthur partially obstruct the entrance to the harbor.

Tokyo, Feb. 28.—The first shots of the war on land were exchanged Sunday at Ping Yang. A small detachment of Russian infantry, evidently scouts, appeared to the northward of Yn Kow. Japanese outposts opened fire from a range of 1,700 meters and the Russians retired. The telegram reporting the incident fails to mention any casualties. It is presumed there were none, on account of the small number of men engaged and the distance separating the opposing armies.

It is reported here that there will be a small engagement soon somewhere in northern Corea, where Russians are scouting over an extended area, close to Japanese positions, but a general engagement is not expected for some time. The Russian force south of the Yalu river is inconsiderable, its greatest strength seeming to be in the vicinity of Wiju. North of the Yalu the Russian army is constantly increasing in numbers and is being mobilized, but chances of its assuming the offensive are slight. Japanese are constantly strengthening their position and increasing the force in Corea.

#### ARE SATISFIED.

St. Petersburg, Feb. 28.—Referring to the statement of the commander of the gunboat Vicksburg, which the foreign office has received as a complete and satisfactory explanation, an official said to day:

"We had no official advice on the subject, but as the incident was attracting much attention here it is a source of gratification to learn the statements were not only untrue but that the Vicksburg was the first to render aid. We desire to preserve the most amicable relations with the American republic and when the truth is generally known it will doubtless go far to allay irritation caused by the original report."

When the government receives an official report of aid rendered by the Vicksburg to Russian wounded it will express to the United States its formal thanks, as in the case of the British, French and Italian warships.

#### ASKED TO FIGHT TO DEATH.

Port Arthur, Feb. 28.—General Stoessel, commander of the garrison here, issued a general order directing the attention of troops and inhabitants to the fact Japanese intend to land and seize the fortress. The general declares the Japanese consider the seizure of Port Arthur to be a question of national honor and from their obstinate attacks and bombardments he can only conclude they will make every effort to capture the fortress. Failing the Japanese will destroy the railroad and withdraw. The general calls upon all to fight to the death and says there is no other means of escape.

St. Petersburg, Feb. 28.—The Novoye Vremya to day publishes a remarkable editorial on a parallel between Port Arthur and Sebastopol, pointing out that the ports are identically situated. The paper, however, warns Russians to abjure fatalistic beliefs. Although written without the knowledge of General Stoessel's remarkable general order issued at Port Arthur yesterday the Novoye Vremya's editorial comes as a strong reinforcement of its purpose, that Port Arthur must in no case be surrendered. Both seem to foreshadow a siege of Port Arthur and bombardment, which a dispatch from Lool Yang says is rumored at New Chwang will occur to morrow.

#### RUSSIANS DRIVEN BACK.

Chefoo, Feb. 28.—The Twenty-ninth Japanese infantry, occupying a bridge midway between Seoul and the Yalu

river, on Sunday met a body of Russian cavalry scouts north of Pin Yang and drove them back.

It is estimated 60,000 Japanese troops have landed at Chemulpo. Transports now are not escorted by war vessels.

Japanese sailors who manned the merchant vessels which were sunk at Port Arthur on landing here shaved their heads as a mark of disgrace they felt at the failure of the project.

#### RISE OF CHINESE.

St. Petersburg, Feb. 28.—The official news agency to day published the following from Port Arthur:

"According to advices from Peking, Prince Ching has pointed out to the Japanese minister that the attitude of Japanese living in China, who for more than a week have been spreading mendacious reports, is calculated to cause a rising of the Chinese population against Europeans. The prince, therefore, requested the Japanese minister to take necessary preventive measures."

#### MOUNTED COSSACKS.

Lao Yang, Feb. 28.—General Mishchenko with a detachment of mounted Cossacks has reached Kasan, Corea, and is expected to arrive at Ichu Yang to day. His men and horse are in good condition and he is well supplied with provisions. Korean officials are fleeing from places traversed and are informing Japanese of the approach of Russians. Cossacks have seized the telegraph line in north Corea. The concentration of Chinese troops westward of Mukden is not relished by Russians. War material is being brought up and militia posts are being strengthened. It is doubted if the attitude of the population can be relied upon. People at several points refuse to sell produce to Russians. A snow storm is raging here and frost is intense. The railroad is working perfectly and troops are arriving unimpeded. Their health and spirits are excellent.

#### THE TREATY.

Wei Hai Wei, Feb. 28.—The treaty between Japan and Corea provides for the latter conforming to Japanese ideas of reform, Japan pledging the safety of Corea socially and territorial independence. Japan authorized resistance of encroachments of a third party and to occupy Korean territory if necessary for strategic purposes. This provision of the treaty justifies Japan's occupation of Chemulpo and Seoul and probable movements northward. The treaty is considered very satisfactory by both parties.

#### REPORTS.

St. Petersburg, Feb. 28.—Discussing the attitude of China the Svet to day says it considers China is a secret ally of Japan; that, like America and Great Britain, she will do everything possible to injure Russia. The Svet anticipates that China eventually will become an open enemy.

Lao Tung, Manchuria, Feb. 28.—Forcible living at Yn Kow say the Japanese fleet has received orders to attack and capture Port Arthur March 1 at all costs.

Washington, Feb. 28.—The Russian government has formally granted the request of the United States that certain army officers be permitted to accompany Russian troops and witness operations in the war.

St. Petersburg, Feb. 28.—A dispatch from Tien Tsin says despite Japanese measures to conceal their losses it is known the battleship Yashima and cruisers Asama and Tokiwa have been towed to Nagasaki to repair damages which have been sustained by them.

Washington, Feb. 28.—Minister Allen cables the state department from Seoul that in pursuance with arrangements he has made with the Japanese minister a returning transport will bring Americans from Ping Yang, a point in northwest Corea, near the border of Manchuria. Americans in Seoul and vicinity have already been sent to the Philippines. Allen says yesterday were pursued by Japanese Grajovo, Russia, Feb. 28.—The Hebrew community here crowded the synagogue Saturday to pray for Russian victory. The rabbi compared the Japanese to the Amalekites, "the memory of whom would be wiped out." The congregation raised a popular subscription.

St. Petersburg, Feb. 28.—A further consignment of guns and ammunition was dispatched from here to the far east to day. All churches are filled with soldiers offering up their devotions prior to their departure for the far east.

#### POLICEMEN ARE HELD.

St. Louis, Feb. 28.—William Street, a Madison policeman, was to day held by Justice Breese at Edwardsville, Ill., under \$500 bond for "aiding and abetting" in operation of the Madison pool room. He gave bond for his appearance before the grand jury. Street is one of the policemen who took the side of the pool room in the raid by Madison citizens ten days ago.

## NOMINATIONS SENT SENATE

### PRESIDENT NAMES CANAL COMMISSION

Negroes Dining at the White House Discussed by Members of the House—Senate Proceedings—Other News.

Washington, Feb. 28.—The president sent the senate to day the following nominations for the isthmian canal commission: Rear Admiral John G. Walker, chairman; Maj. Gen. George W. Davis, William H. Burr of New York, Benjamin M. Harrod of Louisiana, Carl Ewald Grunsky of California, Frank J. Hecker of Michigan.

#### HOUSE.

During consideration of the District of Columbia appropriation bill in the house to day Scott (Kan.) made the declaration that a negro had dined at the white house with President Cleveland during the latter's first administration. The statement was prompted by reference by Gilbert (Ky.) to the dining of Booker Washington at the white house. When the name was demanded Scott said it was C. H. J. Taylor, who was appointed by Cleveland as recorder of deeds for the District of Columbia.

Gilbert observed that he and others never had heard of the incident, but Democrats were not "particularly claiming" Cleveland, and Cochran (Mo.) said it was but cumulative evidence that "there is no better Republican in the country than Grover Cleveland."

Scott, contrasting Booker Washington with Taylor, said the former was a man of recognized ability, while he declared there was nothing to commend the latter. Discussion of reciprocity by Dabell (Pa.) and Williams, minority leader, consumed the greater portion of the day.

Another feature of the day was the declaration by Lovering (Mass.) that while the Republican party was talking about "standing pat" thousands of dollars were being lost to manufacturers and that "our boasted prosperity is fast coming to an end" because of the failure of the party to enlarge the drawback system and give new markets which, he declared, were now demanded. Lovering was loudly applauded on the minority side when he took issue with his party.

#### SENATE.

Architectural changes made in the white house were the subject of a large share of to day's discussion in the senate and they were generally criticised as falling far short of improvements which should have been secured with \$500,000 appropriated for the purpose. Discussion arose in connection with consideration of the bill providing for the erection of a building for the joint use of the departments of state, justice and commerce and labor. Consideration of the bill was not concluded.

#### PENSION BILL.

Washington, Feb. 28.—The senate committee on pensions to day authorized a favorable report on the pension appropriation bill with an amendment increasing to \$100 a month pensions of civil war veterans who are totally blind.

#### WILL INVESTIGATE.

A searching inquiry will be made by Russian authorities in an effort to place the responsibility for the false report that Commander Marshall of the American gunboat Vicksburg at Chemulpo had refused to rescue Russian sailors from the Varag.

#### IN SESSION AGAIN.

Indianapolis, Feb. 28.—The second session of the joint conference between coal operators and United Mine Workers of the central competitive district opened here to day. There were present about 800 miners and the same number of operators as before. Two hundred and fifty additional miners are here from Michigan, Iowa, Kentucky, West Virginia and other coal fields. Soon after assembling the convention adjourned until to morrow.

#### AT SUEZ.

Suez, Feb. 28.—The United States torpedo boat destroyer flotilla bound for Manila sailed to the southward to day.

The Russian cruiser Aurora with five torpedo boats arrived here.

The British coal laden steamers Ettrickdale and Frankby and Norwegian steamer Matilda, captured by a squadron in the Red sea, has been released by order of the czar.

#### FIRE BY ROBBERS.

Camden, N. J., Feb. 28.—In an endeavor to cover an attempted robbery of the Camden bank, a branch of the Baltimore Trust company, robbers to day started a fire which did about \$20,000 damage to adjoining business houses. Considerable money in the vaults of the bank is believed to be safe.

#### SENTENCED TO PRISON.

Jacksonville, Fla., Feb. 28.—Mrs. Helen Williams Post, alleged mental science healer, convicted of using the mails for fraudulent purposes, was to day sentenced to one year in the penitentiary. She gave \$5,000 bond on appeal.

#### WISCONSIN BLIZZARD.

Manitowish, Wis., Feb. 28.—The worst blizzard of the season is now sweeping over this section.

## CONTRABAND OF WAR

### Proposed Cable Between Guam and Japan so Regarded by Russia.

St. Petersburg, Feb. 28.—If an attempt is made to lay a cable from the island of Guam to Japan during the continuance of hostilities it will be regarded as contraband of war under a proclamation promulgated yesterday. It is not believed here the United States will undertake or authorize such a cable now, as it would constitute a breach of neutrality according to the Russian view.

The statement of the commander of the United States gunboat Vicksburg regarding the Chemulpo affair was communicated to the foreign office by the Associated Press correspondent and was received as a complete and satisfactory explanation. Regrets were expressed that the incident had created so much feeling here.

## LINCOLN'S SPECTACLES

### Watertown, N. Y., Woman Has Glasses Worn by Martyr President.

New York, Feb. 28.—A cherished treasure of Mrs. Andrew B. Carter of Watertown, N. Y., is a pair of spectacles formerly worn and owned by Abraham Lincoln. They were found in his pocket at the time he was shot by John Wilkes Booth in Ford's theatre, in Washington, April 14, 1865.

Mrs. Carter's father, William H. H. Keyes, was a private in one of the regiments quartered in Washington then, and was on duty at the theatre on the night of the tragedy. He was one of the detail that guarded the passage through which the dying president was carried from the theatre. As Lincoln was placed in the carriage the spectacles slid from his pocket into the gutter, and before Keyes could restore them the carriage had driven away. Keyes afterwards sent them to his wife, Mrs. Carter's mother, and they have since remained in the family. The glasses are of the old-fashioned kind with heavy gold bows and octagonal oblong frames.

#### LAND FOR SETTLEMENT.

Washington, Feb. 28.—Some excellent lands, including twelve townships of the Red Lake Indian reservation in northwestern Minnesota and part of the Rosebud reservation—416,000 acres—in Gregory county, South Dakota, will be opened for settlement in a few months. President Roosevelt has conceived the idea it would be to the interest of the government to adopt the plan of disposing of the land by auction and for some time he has been talking on the subject with senators and representatives in congress who are interested in it. Martin, of South Dakota, expressed the opinion to the president to day the auction plan would be inadvisable and unwise. He thinks the government would not realize as much from the lands at auction as it would if the old plan of disposing of them at a fixed price were adopted. No decision as to the method of sale has been determined on, but it is not improbable that in his proclamation announcing the opening of lands to settlement the president may prescribe how they shall be sold.

#### RELEASE OF TURNER.

Washington, Feb. 28.—In the supreme court to day an order was issued for the release of John Turner on bail. Hearing is set for April 4. Turner is a British subject who was taken into custody upon arrival in New York last October on charge of being an anarchist and his deportation was ordered.

#### NATIVE TROOPS REVOLT.

Berlin, Feb. 28.—Native troops at the Cross and Nisanang rivers region, German Kamerun, West Africa, have revolted. Several factories of the Northwest Kamerun company have been burned and four Germans killed. All German African colonies are in ferment.

#### KRUGER'S HEALTH.

Mantone, France, Feb. 28.—Contrary to alarming rumors in regard to the health of Kruger, former president of the Transvaal, Dr. Hulseman, his physician, says that not for some years has Mr. Kruger's health been as good as it is at present.

#### JEFFRIES AND MUNROE TO FIGHT.

New York, Feb. 28.—Jim Jeffries and Jack Munroe signed articles to day to fight for the world's heavyweight championship at San Francisco the last week in May for a purse of \$25,000.

#### DROWNED.

Omaha, Feb. 28.—Charles Bratton, of Red Oak, Iowa, to day jumped from the Missouri river bridge and was drowned. Bert Redding, a companion, attempted to save Bratton and nearly lost his own life.

#### A FAMILY QUARREL.

Waterloo, Iowa, Feb. 28.—As the result of a family quarrel to day in East Cedar Falls Bartlett Stone was shot and killed by his son-in-law, Charles Burns. During the shooting Mrs. Burns shot at her husband several times and inflicted slight flesh wounds.

## CORBETT WINS ANOTHER FIGHT

### DEFENDS HIS CHAMPIONSHIP TITLE

Corbett and Sullivan Battle for Eleven Rounds for Featherweight Honors—The Contest Held at San Francisco.

San Francisco, Feb. 28.—Young Corbett had no difficulty in retaining his championship laurels to night, defeating Dave Sullivan, of New York, in the eleventh round of a scheduled twenty-round contest for the featherweight championship. Corbett did not have a mark, while Sullivan received a terrible beating. The merciful action of the referee in stopping the fight saved him from having his face beaten into a pulp. Sullivan was game throughout. The contest, however, was never in doubt and it was only a question of time when Sullivan would have to quit. The fourth round nearly saw the end, but Sullivan managed to pull through, and his ability to come up in the succeeding rounds was a surprise.

The general opinion to night is that Corbett will be the winner in the coming fight with Britt.

#### THE FIGHT BY ROUNDS.

Round 1—Sullivan's two leads fell short and Corbett failed three times to land. Sullivan landed lightly and both closed in. Sullivan blocked right and left for head, but Corbett finally got his right to body and left to face. Sullivan missed a left swing and slipped to the floor. Corbett chopped a right to the face and as the bell sounded sent in a straight left to the face.

Round 2—Both clinched. Sullivan missed a left to the face and Corbett countered with left and right to face, quickly following with right to the body and left to the face. Sullivan planted a right over the kidney, receiving a straight right to the face. He landed a left on Corbett's nose and went to the floor for a count of seven from a right on the jaw. Both missed, the round ending in Corbett's favor.

Round 3—Corbett sent in right and left, but missed. He missed several vicious blows aimed at his antagonist. While in a mix Sullivan planted left and right on face. A straight left to the jaw sent Sullivan's head back and in a clinch Corbett got in two rights to the body. Corbett rocked Sullivan's head with a raking right and the bell found Sullivan slugging ineffectually.

Round 4—Sullivan sent a left to the face and Corbett gave lefts to the jaw and body. A vicious right landed on Sullivan's jaw and the latter sent two rights to the ear. Both then gave and took hard face blows. Finally Corbett snapped a vicious right to the jaw, sending Sullivan to the floor for nine seconds. Sullivan was groggy and was sent to the floor again for nine. Sullivan clinched and the bell saved him from a knockout.

Round 5—Rights and lefts on the jaw sent Sullivan to the floor twice for seven. Sullivan received a fearful jolt to the stomach and clung desperately to the champion. Corbett was caught in the stomach by a wild swing, but sent Sullivan to the ropes with left and right hooks to the jaw. Corbett delivered terrific punishment on the body and face, Sullivan bleeding from the nose. Sullivan sent lefts to the body and face and rallied and inflicted some punishment as the round ended.

Round 6—Sullivan's recuperation continued and Corbett missed left and right swings for the jaw. Sullivan also missed a straight left to the body, and Corbett again missed two lefts for the body and failed to land right on body. Sullivan's left to face and right to head were followed by a clinch. As the bell rang Corbett sent a straight right to the face.

Round 7—Breaking away from a clinch both swung ineffectually. Corbett put two rights over the kidneys and a vicious right to the body. Following a clinch Corbett sent a hard right to the head and right to ear. Sullivan forced him to the ropes with left to face and right to head and mixed as the bell sounded.

Round 8—Corbett missed right for ear and following a clinch planted left to nose and right to jaw, soon after landing two rights on the jaw, and in a mixup delivered two rights to Sullivan's body. Corbett received a left to the face and sent a straight left to face, forcing Sullivan to clinch. Vicious infighting followed and at the close of the round Sullivan looked worried.

Round 9—Corbett landed several rights on the body and lefts to the face and seemed to have no difficulty in landing. Sullivan backed Corbett against the ropes, sending several good rights and lefts to the body. Corbett finally landed two rights and a left on the jaw. Corbett did the most execution, but Sullivan got in two rights and a left to the body. He forced the champion to the ropes in his opponent's corner and gave as much as he received. The round ended with honors even.

Round 10—They exchanged rights and lefts in a fierce mixup. Corbett outlighting his opponent, Sullivan joined Corbett with a hard right uppercut, but received a hard right and left on the jaw. Corbett received a left on the jaw and in a

mix he planted a vicious right and left to the jaw. He sent Sullivan to the floor with a low blow, the crowd yelling foul, and followed it with a right and left to the jaw as the bell rang. The foul was unquestionably delivered, but was plently accidental.

Round 11—Corbett delivered several hard blows and forced Sullivan to a clinch and showered an avalanche of rights and lefts, causing Sullivan to spit blood all over the ring. Corbett sent Sullivan to the floor with a fearful right and left swing and as Sullivan came to his feet Corbett bent his face into a jelly. Sullivan clung on desperately. Corbett bent his opponent mercilessly about the face and jaw, nearly sending him through the ropes. Sullivan was practically helpless and Graney stopped the contest and awarded the decision to Corbett. Sullivan, while not knocked out, was hopelessly defeated.

## KILLS POSTAL CLERK

### Negro Train Robber Murders One Man and Fatally Injures Another.

Birmingham, Ala., Feb. 28.—A postal clerk was killed and another fatally injured by a crazy negro, who boarded a Great Southern train early to day near Morland, Miss. A posse and bloodhounds are on the trail of the negro.

The negro, whose name is Jim Parls, was captured at daylight. His leg was crushed when he jumped from the train with a package of registered letters, which was recovered. Railroad officials say Parls with four other negroes attempted to rob the train, although it appears Parls was the only one who entered the postal car.

Washington, Feb. 28.—General Wade in a cablegram advises the war department of a report of General Wood concerning an engagement at Jolo on the 14th with Moros. The American expedition was in charge of Maj. Hugh L. Scott. During the fight, Wood states, firing was twice stopped to give the Moros a chance to surrender, but they declined. The entire body with the exception of Hurren, the tender, are dead or captured. Hurren is located. Second Lieut. Eugene R. West, Twelfth battery field artillery, was seriously wounded. A number of troopers were also wounded.

## BURNED TO DEATH

### Twelve Lives Lost in a Fire at St. Felecion, Quebec.

Roberval, Que., Feb. 28.—Twelve lives were lost in a fire which destroyed the home of Thomas Guay at St. Felecion to day. When the fire was first noticed by neighbors who live at some distance the house had been burned to the ground. In it at the time were eight children of Thomas Guay, Mrs. Phillip Gagnon and her three small children. All were burned to death. Both Gagnon and Guay, the fathers, were absent working in the woods.

#### DEATHS.

Wichita, Kan., Feb. 28.—Father Anton Josef Legrande, once an Episcopalian bishop, is dead, aged 77. Father Legrande was an Episcopalian until about twenty years ago, when he was converted to the Catholic faith by the order of Resurrectionists. He was born and educated in France, served in the French army and was of noble birth. At the time of his death he was chaplain of St. Francis hospital, Wichita.

#### MADE HIS ESCAPE.

Boston, Feb. 28.—While attempting to serve notice of a libel suit of William Miller, of St. Louis, supreme master workman of the Ancient Order of United Workmen, to night Deputy Sheriff Silsby was severely injured. As a result of a schism in the order John Symonds, of Lynn, grand master workman, entered libel proceedings against Miller for \$10,000 and Silsby has been trying for several days to locate the St. Louis man. To night the sheriff waited outside of the headquarters of the national organization for him to appear. Miller escaped by darting into the headquarters and slamming the door on Silsby's hand, fracturing three of the sheriff's fingers. The doors were then locked, bolted, chained and padlocked.

#### HEIR TO HALF A MILLION.

St. Louis, Feb. 28.—The wife of an itinerant Methodist preacher, Rev. J. W. Prickett, of Fenton, Mo., has fallen heir to a \$500,000 estate through the death of Mrs. Charlotte V. S. Miller, a relative, in the island of Jamaica.

#### MAP OF THE WORLD.

A beautiful map, valuable for reference, printed on heavy paper, 42x64 inches, mounted on rollers; edges bound in cloth, showing our new island possessions, the Trans-Siberian railway, Pacific ocean cables, railway lines and other features of Japan, China, Manchuria, Corea and the far east. Sent on receipt of 25 cents in stamps by W. B. Kniskern, P. T. M., Chicago & Northwestern R'y, Chicago, Ill.

## MESSANGER BOYS ENJOINED

### AN INJUNCTION ISSUED BY FEDERAL COURT.

Strikers Restrained From Interfering With Delivery and Collection of Messages of the Western Union Company.

Chicago, Feb. 28.—The federal court to day issued an injunction restraining striking messenger boys of the Illinois District Telegraph company from interfering with the delivery or collection of interstate messages of the Western Union Telegraph company and prohibiting the boys from interfering with persons desiring to enter the company's employ. More than ten messenger boys are named as defendants in the bill and as soon as copies of the injunction can be made out deputy marshals will serve as many of the boys as can be found.

The messenger boys, who are organized under a charter of the American Federation of Labor, maintained a close picket of the main offices of the Western Union company to day. Men were employed at \$2 a day to take the place of strikers and the court was informed in the plea for the injunction that in many instances messengers sent from Canada and different states in the United States had been taken away from these messengers by strikers and destroyed.

#### CONTEST INVOLVES POSTMASTERS.

Chicago, Feb. 28.—Congressman Warner is reaching for the official sealings of postmasters in the nineteenth congressional district who are helping Attorney General Hamlin in his fight for the Republican nomination for governor. According to a report which reached headquarters Postmaster John H. Freeland, of Bethany, has already paid the penalty for supporting Hamlin in his fight against Warner. Freeland has been dismissed and his place given to Leonard W. Niles. Other postmasters in the nineteenth district, for which Warner and Hamlin are fighting, are trembling in their boots for fear they will meet the same fate.

Bethany is in Moutrie county, which Hamlin carried recently. It is a tradition down state that the postmasters owe allegiance to the congressman who secured their appointment, and when Moutrie went for Hamlin the Warner men began to inquire what the postmasters were doing.

It did not take long to demonstrate that Freeland had supported Hamlin. Neither did it take long to separate Freeland from his government job and Congressman Warner's friends do not deny that he was the man behind the gun which "freed" the Bethany postmaster.

This indicates that the Warner-Hamlin fight is growing as bitter as the old feud between John R. Tanner and Senator Culom. Postmaster Kline, of Clinton, Congressman Warner's home, has quietly investigated the position of other postmasters in the district as a basis for further action. In the case of Freeland the simple statement was made at Warner headquarters that his term had expired and it was time to name his successor.

#### POLITICAL NEWS.

Saratoga, N. Y., Feb. 28.—Congressman Lucius H. Littauer was to day renominated by the twenty-fifth congressional district Republican convention without opposition.

Des Moines, Feb. 28.—Returns from fifty-one precincts of Polk county, with twenty precincts to hear from, give Captain Hull, candidate for congress, 128 delegates out of 214. Judge Prouty's managers concede the county to Hull by a majority of 15 to 20.

The result of the primaries seems to be a landslide for Hull. Charges made before, the primary that Prouty's organization would be unfair in counting the ballots was not realized.

The fight for the nomination will now be transferred to the district. There is a movement on foot to combine the district against Hull, the Polk county candidate. Polk county's representation fell off in the last election and no longer controls the convention.

#### CONVENTION PLANS.

Washington, Feb. 28.—Preliminary action toward preparation of the Coliseum building at Chicago for the national Republican convention in June was taken to day when Acting Chairman Payne, Senator Scott, Secretary Dover and Sergeant-at-Arms Stone of the national committee on arrangements approved architects' plan for seating delegates in the vast hall. This action followed favorable report on the matter by the subcommittee which visited Chicago and conferred with the local committee of arrangement in that city. Various matters of detail were disposed of. Press arrangements, it is announced, will be in the hands of Harry S. New, who will have the cooperation of Maj. John M. Carson, chairman of the standing committee of Washington correspondents, in work to be done.

SUMMARY	
Yates	20
Lowden	8
Hamlin	4
Sherman	3
Warner	2
Unclassified	6
Total delegates selected	39

Based on best information.  
Yet this statement is believed to be as nearly correct as it is possible to compile at this time. It is based simply on the best information obtainable. Some of the figures doubtless will be modified from time to time, as more becomes positively known regarding local situations; but for the most part they are likely to remain unchanged up to the roll call in the state convention.  
Regarding the counties listed as "unclassified" it may be said that the Yates managers claim five from Livingston, two from Richland and two from Jefferson counties. Some of the newspapers, since the retirement of Secretary of State Rose from the gubernatorial race, have placed Pope county in the Yates column, but the delegates, who are to be named by Mr. Rose, have not been selected and until they are known they cannot be credited to any of the candidates. The Jackson county delegation, to be selected by Congressman Smith, will be anti-Yates and probably will be favorable to Warner.

**DOUBTLESS YATES' FOLLOWING.**  
The week's primaries and conventions have more than doubled the Yates following. The rapidity with which the Yates tide has risen is shown by the fact that of the eight counties holding primaries Saturday Yates captured all except Irons county, which was carried by Hamlin. Lowden has made but slight gains; he secured four of the five delegates in Kendall a few days ago and got five of the McHenry county delegation. One delegate in Jersey, which held its convention Monday, is claimed for him, but though a Lowden man is undoubtedly in the delegation, the unit rule was adopted and the Jersey delegation clearly belongs to Hamlin, who next to Yates, has made the most substantial gains during the week.  
There will be conflicting claims as to Livingston county until the names of the delegates are known. Before the convention was held the opposing factions reached a compromise, whereby it was agreed that Frank L. Smith, of Dwight county, would be the Yates delegate, and that J. A. Obermeyer, of City Drug Store, would be the Lowden delegate.

**CONTEST IN McLEAN COUNTY.**

The most important convention of the week was that of McLean county, which was controlled by the Yates forces by an overwhelming majority. Two years ago the anti-Yates forces won the contest, but the situation was decidedly "in the balance" in the Yates standpoint. A series of events, however, eliminated all of the anti-Yates forces except Yates and Warner, the former proved an easy victor. The McLean delegation is headed by James S. Newell, railroad and warehouse commissioner. Resolutions endorsing the Yates program and instructing the delegates to vote for him went through without opposition.

**CALL FOR STATE CONVENTION**

Chairman Fred H. Rowe of the Republican state central committee issued the formal call for the convention to be held at Springfield at noon May 12. Under the call 1,000 delegates will sit in the convention. Of this number 512 will be from Cook county, sixteen less than the county committee had expected. The call cuts one delegate off from the First, Second, Third, Twelfth, Thirtieth, Sixteenth and Twentieth wards, and nine off the country towns, giving Chicago 465 votes and the six commissioners' districts forty-eight.  
The call provides for the nomination of the following officers by the state convention: Governor, lieutenant governor, state treasurer, secretary of state, auditor of public accounts, attorney general, three trustees of the University of Illinois. The convention also will nominate two electors-at-large and receive the names of one elector from each of the twenty-five congressional districts, will elect four delegates-at-large and four alternates to the national Republican convention and elect a state committee.

The basis of representation for the 102 counties is one delegate for every 100 votes cast for the Republican electors in 1900 and one delegate for each additional fraction of 200 or more. The apportionment provided by the committee is as follows:

County	County	County	County
Adams	20	Grundy	1

**A TEXAS WONDER**

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women; regulates bladder from blue in children. If not sold by your druggist it will be sent by mail or receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. E. W. Hall, sole manufacturer, P. O. box 690, St. Louis, Mo. Send for circulars. Sold by J. A. Obermeyer, City Drug Store.

**READ THIS**

JACKSONVILLE, Ill., April 24, 1901.—For twelve years I have suffered from sweet potatoes, and have spent hundreds of dollars with various doctors, with but little benefit. I was recommended to try a bottle of Texas Wonder, and after taking one, and with cheerful testimony to the pills, that it did me more good than all other remedies put together, and after another bottle, I have been cured. I have written this to my friends to try it.  
JOHN R. DAVEY, Greaser

**The case of Miss Frankie Orser, of Boston, Mass., is interesting to all women.**

"DEAR MR. PINKHAM:—I suffered misery for years. My back ached and I had bearing-down pains, and frequent headaches. I would often wake from a restless sleep in such pain and misery that it would be hours before I could close my eyes again. I dreaded the long nights and weary days. I could do no work. I consulted different physicians hoping to get relief, but, finding that their medicines did not cure me, I tried Lydia E. Pinkham's Vegetable Compound, and, I am glad that I did so, for I soon found that it was the medicine for my case. Very soon I was rid of every ache and pain and restored to perfect health. I feel splendid, have a fine appetite, and have gained in weight a lot."—Miss FRANKIE ORSER, 14 Warren St., Boston, Mass.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

**Surely you cannot wish to remain weak, sick and discouraged, and exhausted with each day's work. Some derangement of the feminine organs is responsible for this exhaustion, following any kind of work or effort. Lydia E. Pinkham's Vegetable Compound will help you just as it has thousands of other women.**

**A COUGH**

**CONUNDRUM**

When is a cough more than a cough?  
When it's a settled cold. When it hangs on in spite of all you can do. Cough mixtures won't cure it because they are merely for a cough and this is something more.

Scott's Emulsion cures the cough because it cures the something more. It heals and repairs the inflamed tissues where the cold has taken root and prevents its coming back.

**FOR THE HOUSEWIFE**

**Brightening a North Room.**

A room with a northern exposure that is more or less cheerless may be made attractive by the furnishings. Have the walls done by a paper of a warm cream tint, with garlands of olive and gilt and a touch of red in the border. Such paper need not be expensive. Cover the woodwork with a coat of cream white paint and shade the electric lights or the lamps with rich red silk or crepe paper. Cover the floor with a carpet in shades of olive, tan, cream and rich red and add a bedroom suit in golden oak. Over the shades, which should be of deep cream, hang curtains of filmy white lace. Place a pretty plant in the side window and a few books and magazines on a small table. A room may be furnished as described at a low cost or more expensively by having a better quality of the furnishings, yet keeping the tones suggested. If there is a couch available, buy a couch cover in shades of color which will harmonize with the furnishings of the room and pile it with bright pillows in glowing red and olive. A few good pictures and photographs prettily framed will add much and change the cheerless apartment to a cheerful one.

**The Way to Make Salad.**

At one time when any one said "salad" the listeners at once had visions of fresh lettuce chopped up in bits and lubricated with mayonnaise dressing, all of which was regarded as a rather unwholesome and expensive luxury.

It is the Italian who has given us the salad which is a really wholesome and delicious summer food.

The dressing is made of two thirds oil, one-third vinegar, with salt, pepper and mustard as condiments. This is beaten together with a fork until it grows somewhat thick and may then be poured over almost any cold vegetable that happens to be left from dinner. French beans, peas, potatoes, hard boiled eggs, spinach, cauliflower—all are nearly as good as fresh lettuce or cucumbers and make a fair substitute for them.

When lettuce is used, it should be washed and shredded and then dried in the following manner. Take a good sized towel, lay the lettuce upon it, gather up the corners so that the leaves cannot fall out and shake up and down till all superfluous moisture is gone.

**WORKS LIKE AN ACCORDION.**

The smaller section is so made that it can be adapted to the purposes of bolster or pillow, or both. This is accomplished through the medium of upper and lower portions, which are connected in much the same manner as the two sides of an accordion. The connecting arrangements, however, although adjustable to any angle, are so secured as to permit a perfectly rigid adjustment of the raised upper half of the mattress section in whatever position it is desired to be kept.

**The Pyrographer's Masterpiece.**

The art of the pyrographer has about reached perfection in its newest application. A four poster bed described by an exchange was a replica of those in use in the days of our grandmothers, but instead of being of polished mahogany the wood was stained a light green. The bed was then burned with a pattern of pink poppies in conventional design, some of the dark green leaves even straying over the high posts.

A large, old fashioned bureau, with glass knobs on the drawers, was also stained green to match the bed, as were the dressing table, chairs and cheval frame. Poppies and green leaves were used for decorative effects on these pieces to correspond with the bed.

The cushions on the chairs were of palest green velvet, which looked like leather, and the poppies were burned on the seats in such a manner as to give an embossed appearance. Even the screen which went with the suit was a masterpiece in burnt wood.

**Orange Straws.**

Take the peel of some oranges and put it into a pot of cold water. Let it boil till quite tender, but be careful to change the water after three quarters of an hour. Drain the peel and when cool cut it into thin strips. Make a sirup of a pound of sugar and half a pint of water, put in about a pound of the orange peel and let the whole boil for twenty minutes. Lift out the pieces of peel very carefully and put them on a plate in a warm place to dry. When they are perfectly dry, which will be in about forty-eight hours, pack them in a tight tin jar.

**FRUIT AT THE BREAKFAST TABLE**

**Nature Provides Its Own Remedies, Which If Used Judiciously, Insure Perfect Health at All Times.**

Aside from the pleasure of eating seasonable fruits before beginning the first meal of the day, this custom has undoubtedly arisen from the well known fact that nearly all fruit and more particularly plums and PRUNES contain natural laxative principles which act directly on the stomach and bowels.

Constipation, that dread and troublesome complaint which is undoubtedly the basic cause of nine-tenths of the dyspepsia, indigestion, biliousness, etc., so prevalent among our people to-day, and which, if neglected, surely leads to more complicated and serious organic diseases, can surely be prevented, and when not too far advanced can be absolutely cured by the judicious use of the modern laxative and cathartic California Prune Wafers.

They are not a patent medicine in the ordinary sense of the word, being compounded from fresh California Prunes, which every intelligent person knows is truly nature's laxative.

A dainty little wafer, always the same, compounded in a highly concentrated form from fresh California Prunes, they are a natural dissolvent, acting on the contents of the stomach and bowels and not on the organs themselves.

They regulate the Liver and Stomach, Cleanse the System and Purify the Blood, Cure all Bowel Troubles, Biliousness, Bad Breath, Bad Blood, Wind on the Stomach, Bloating Bowels, Foul Mouth, Headache, Indigestion, Pimples and Dizziness.

Every household should have its family package of CALIFORNIA PRUNE WAFERS, and at the first signs of approaching illness, or when under the weather, take a couple of wafers, and the doctor's bills will soon be much smaller than they are now.

You can eat what you please if you follow each meal with a CALIFORNIA PRUNE WAFER, which quickly dissolves the most indigestible food, and helps to carry it through and out of the system in a gentle and healthful manner, without the slightest pain, griping or nausea. 100 Wafers for 25c.

**A MONSTER SUNFISH.**

Near Santa Catalina island, off the coast of California, was caught recently the largest sunfish ever taken or perhaps seen. It was literally impossible, even with all the available tackle used in lifting huge tunas and black sea bass, to weigh this fish entire or to lift it from the ground, so that its weight was guessed at a ton, while conservative estimates placed it at from 1,800 to 1,900 pounds. The captors discovered it while fishing from a launch. It was swimming with its huge, sharklike fin above the surface. The launch was steamed alongside, and a boatman thrust a heavy gaff into it. Immediately the fish began a series of elephantine struggles which more than once threatened the boat. After three hours the fishermen subdued it and with no little difficulty towed it into port.

**ASK YOR NEIGHBOR**

Hundreds of Jacksonville Citizens Can Tell You All About It.

Home endorsement, the public expression of Jacksonville people, should be evidence beyond dispute for every Jacksonville reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in far-away places. Read the following:

Capt. F. C. Taylor, of 27 East State street, writes he should be pleased with what brought about such coveted results. The captain says: "Those who have any trouble whatever from their kidneys and wish to suffer as they go through life should avoid taking Doan's Kidney Pills. They effected a cure in my case and I can cheerfully recommend them to my friends who have a similar ailment." The captain was like hundreds of citizens of Jacksonville. They are warned. They neglected the warning; complicated difficulties follow; they begin to realize their danger and anxiously look for some agent to relieve them. After trying a half dozen remedies and probably consulting a physician they find their physical condition far from being improved. In fact, it is often the opposite. Now when an unfailing remedy like that which Captain Taylor tested and proved to be up to its representations is offered, Jacksonville people would it not be the height of folly to ignore such valuable information?

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

### BISHOP MOORE

#### Was Passenger on Steamer Mongolia Captured by Japanese Cruiser.

The following article regarding Bishop Moore will be of interest to his friends in this city. He visited here only a few years ago and made an address at Centenary church: "Bishop David H. Moore, of the Methodist Episcopal church, whose home previous to his election at the general conference in 1900 was in Cincinnati, is reported to have been a passenger aboard the Russian steamer Mongolia, captured by the Japanese cruisers while trying to make Port Arthur.

"Bishop Moore has charge of the work in the far east, and the territory which has been assigned him to visit includes China, Japan and Corea.

"Bishop Moore, Mrs. Moore and son Julian have recently made the long trip by houseboat up the Yangtze-Kiang, and on their return to Shanghai it was the intention that Mrs. Moore and Julian should remain there while the bishop visited his other conferences.

"Of course, being a noncombatant belonging to a neutral nation, he can only be a prisoner in a technical sense, and will be treated with every consideration by the Japanese.

"Bishop Moore is one of the most prominent figures in the Methodist church. He was born in Athens, Ohio, and is a graduate of the University of Ohio, class of 1890. He entered the ministry the year he graduated, but took up arms for his country before he did much work along this line. Entering the army as a private, he left it a lieutenant colonel, and at once re-entered the conference of Ohio. He was at one time pastor of Trinity church of Cincinnati; has served as president of Wesleyan Female college; chancellor of the University of Denver College, and editor of the Western Christian Advocate—Cincinnati Post."

#### WARDE & JAMES.

The most marvelous piece of stagecraft of modern times will be disclosed in the fourth act, when a vivid reproduction of a scene in the mountains above the clouds will be realized. Here also will be shown a violent electrical storm, followed by snow and hail. These are in turn the forerunners of a beautiful mountain sunrise, whose majestic beauty enraptures the spectator. Other sets include the royal court of Macedonia, an Egyptian temple, and the royal palace of Alexander after a visit by each of them is repeated gloriously and artistically.

## "EVERYMAN"

## Old Morality Play Given Splendid Presentation at the Woman's College.

The old morality play, "Everyman," which was presented Monday evening by the senior English class of the Woman's college in the chapel of that institution, was a complete success from every point of view. The audience was large and appreciative and it is safe to say the stage work has never been surpassed by local amateur talent. At times the acting was so sincere, so perfect, so true, that it seemed as though the audience were listening not to a class of young college girls, but to the most renowned stage characters of the world.

The play, "Everyman," originated in the fifteenth century and it is doubtful if anyone knows who the author of it was. It was styled a morality play and certainly no other title could have been found which would have so well fitted it, for it is a moral play in every respect and illustrates how foolish it is for one to stake his all on earthly things, expecting them to be of any benefit to him when the grim messenger, Death, comes and asks him to lay his earthly burden down and journey into an unknown world. The play is sincere throughout and the work demanded of the characters is at all times heavy, but the young ladies who took part last night showed themselves equal to every situation. The story of the play is as follows:

God tells of his servants on earth having forgotten His ways and teachings and calls upon His messenger, Death (death) to appear unto Everyman, who is supposed to be a type of every man, and summons him to give an account before God. Everyman comes forth, carrying his bag and wearing a gorgeous robe of red ermine. Death informs him that the hour of final reckoning is at hand and that he has but a few moments in which to prepare. Everyman asks if he must go alone and Death tells him that he need not if he can get any one to accompany him. Everyman calls on his old friend, Fellowship (fellowship), who promises to do anything for him, but upon learning that he must die to accompany him, Fellowship refuses and walks away. Everyman then calls upon Kyndrede (kindred) and cousin, relations, who profess their love and devotion to him, but upon learning his desire they also take their departure. Goodes (goods), wealth he had accumulated, is then called upon, but tells him they were his slave only in prosperity and deserts him. Good Dedes (deeds) are next called. They are so weak as not to be able to arise, but they tell him they have a sister, Knowledge, who will assist him. Knowledge, upon appearing in answer to his call, tells Everyman that if he desires assistance or relief he must go to Confession (confession). Confession appears and while Everyman is humbly begging pardon and forgiveness, Good Dedes suddenly acquires strength enough to arise. After confessing, Everyman takes off his ermine robe and scourgings himself and puts on a gray mantle, signifying penitence. He is then told that Beauty (beauty), Strength, Dyscrecyon (discretion) and Fye Wyttys (five wits) will accompany him. They appear, but remain with him only until he shows his grave and then they leave. However, Good Dedes promises to remain with him always and Knowledge agrees to stay with him as long as his life lasts. All the while Death has been resolutely waiting for his victim and finally Everyman goes down into his grave. Then comes an Angel (angel) and tells the meaning of it all and says that Everyman has gone to his account before God, after which a priest comes forth and admonishes all to take the lesson, as drawn, into their own hearts and profit by it.

At the conclusion a tableau was presented, in which the players grouped themselves on the stage, while the college Glee club, behind the scenes, sang "Ave Maria." The scene was a very beautiful one and the effect was one which cannot well be described. The heaviest part of the work fell upon Miss Anne White, who took the part of Everyman, who was upon the stage from the beginning to the end of the play. Miss White was equal to every demand and the hopeful expression that passed over her face as she thought of each new friend who would help her and which changed to one of hopelessness and despair as each in turn deserted her, could not have been better done by one with the advantage of many years' experience on the stage. Her enunciation was clear and distinct and her bearing was at all times that which the author intended Everyman should have.

Each young lady in the cast acted her part perfectly and it is a matter of regret that personal mention cannot be made of each. The play was given under the direct charge and supervision of Miss Neville, teacher in English, and its splendid success speaks volumes of praise for her, as well as for those who took the part of the characters. The proceeds will be devoted to the building up of the Woman's college library.

## AT CENTENARY

## Dr. Burt Preached Two Fine Discourses Sunday—Is the Head of Methodist Work in Italy.

Although Centenary church was well filled at both morning and evening services, Sunday, to hear Rev. William Burt, of Rome, Italy, it is not probable that many people in Jacksonville knew how gifted and distinguished a person he is. When it became known that he was to visit this country to deliver a tour of lectures or sermons, Rev. A. L. T. Ewert at once became very active to secure his appearance in this city. Although Rev. Mr. Burt was much in demand every where, Rev. Mr. Ewert was finally successful in bringing him to this city, a fact which is now greatly appreciated by all who listened to his interesting and instructive discourses Sunday.

In the morning Rev. Mr. Burt took his text from one of Paul's letters to the Romans, and his whole sermon was concerning Paul. He followed him, in his remarks, from the time he first became a servant of God until his execution in Rome and drew many valuable lessons from his teachings. He alluded to Paul as the great missionary and his presentation of Paul's going to Rome and of his career to the time of his death was one of the finest bits of descriptive work ever heard in this city. His description of St. Paul's cathedral in Rome, which is said to stand on the exact spot where Paul was executed, was graphically and lucidly portrayed.

In the evening Rev. Mr. Burt spoke upon "Modern Italy and the Papacy." His remarks were free from any taint of hatred or bitterness. He described conditions in Italy as they once were and as they are now. He told of the great work the Methodist church is doing there in the home of Catholicism, and of the religious freedom and liberty of mind and thought which prevails there. His remarks were a scholarly presentation of the subject in hand and were delivered in an easy, conversational, but very interesting style.

A native of Massachusetts, Rev. Mr. Burt was educated at Middletown, Conn. After becoming a minister he was a member of the New York east conference, being stationed at Brooklyn, where he had two churches as a charge. He soon became one of the most prominent and influential members of the conference and his work attracted the attention of the leaders of the Methodist church. A man being needed as superintendent of the Methodist missions in Italy, Rev. Mr. Burt was selected for that position. This was in 1890 and after fourteen years' residence in Rome, fulfilling the duties of his office, there is no one to dispute the wisdom of his choosing.

In addition to being head of the Methodist church in Italy, Dr. Burt has charge of the Methodist college for girls at Rome, which is operated on lines similar to the Illinois Woman's college in this city. The school is known as Crandon hall and has an enrollment of 275 students. Dr. Burt was very instrumental in having the building erected and is very proud of the work the institution is doing. Under the same roof are the college, separate churches for the English and Italian speaking Methodists, a large publishing house, boys' rooms, an editor's rooms, Dr. Burt's own home and the homes of two other ministers. Thus it will be seen that the building is quite a large one.

Dr. Burt is on very intimate terms with the king of Italy and has a declaration from him similar to that which Melville E. Stone, president of the Associated Press, had when he was in Rome. In speaking of the college, the king said he was glad it stood where it did, as it was an object lesson to all the world of the religious liberty which exists in Italy. Among the patrons of the school are some of the wealthiest and noblest families in Italy and one of the instructors in the school is a granddaughter of Garibaldi, Italy's famous hero. The head of the musical department of the school is Sgambati, the noted composer.

Monday morning Rev. Mr. Burt delivered a short talk in the chapel of the Woman's college, his remarks being chiefly concerning the Methodist college in Rome. He left at 1:12 o'clock in the afternoon for Bloomington. He expects to return to Rome in June. While in the city Rev. Mr. Burt was a guest at the home of Mrs. Dimmitt on West College avenue, who has a daughter who is a student at Rome.

## SCOVILLE REVIVAL

## Great Meetings Sunday and Monday—Services Will Continue Undeinitely.

The revival services at the Christian church Sunday were attended by the usual great crowds. After the usual song service, Rev. Mr. Thrapp read from the scriptures the twelfth chapter of Matthew, beginning with the thirty-sixth verse. Mr. Thrapp then led in prayer. Evangelist Scoville preached from Matt. iv:1-11, the verses comprising the story of the temptation of Christ. The sermon was unusually full of thoughts and suggestions for those striving to lead a Christian life, and the dominant note was hope and trust.

For the evening service 100 extra chairs were provided, but before 7 o'clock the church was crowded and all standing room taken. Even the ante-rooms and the pulpits were filled. It was probably the largest congregation ever gathered together in this city to listen to the word of God. It was intended that an overflow meeting be held, but as no suitable place could be provided, every effort was made to use the capacity of the church in the most advantageous way possible.

The song service was, perhaps, the best of all yet held. Solos by Misses Marie Finney and Emma Wharton added much to its impressiveness. Mr. Thrapp read from the scriptures the eighth chapter of Acts, as giving the New Testament means of salvation. Rev. Mr. Scoville preached from the text, "Tekel," the Greek equivalent of "Weighed in God's balances and found wanting." His discourse was on the essentials of salvation, and every point made was supported by citations from the New Testament. In no previous service has Mr. Scoville's influence over his audience been so manifest as it was at this meeting. In a quiet, forceful way, and without the excitement which is usually employed to compel the attention of a large audience, he spoke to each of his auditors and held the thoughts of all. At the close of the service twenty-one persons stepped forward.

As a large number who desired to be baptized Sunday night could not be accommodated a baptismal service was held Monday afternoon at 3 o'clock. At this service there were two conversions.

## MONDAY EVENING.

Monday evening the church was again overcrowded and a wonderful service held. After the song service Rev. Mr. Thrapp led in prayer and read from the scriptures, I John, v:1-13. Rev. Mr. Scoville preached upon "The Divine Creed," taking his text from I John, iv:15, "Whosoever shall confess that Jesus is the Son of God, God dwelleth in him, and he in God." The sermon was an exposition of the records of the primitive church and of what constitutes a scriptural church. The words of Mr. Scoville were listened to with profound attention and when the invitation hymn was being sung fourteen stepped forward to confess Christ. About twenty persons were baptized.

The interest in these meetings continues so great that they will continue indefinitely. They will probably be more far reaching in their effects than any previous meetings ever held here. Their true significance will be recognized when it is understood that more than 200 persons, about 215 altogether—many of them mature men and women—have confessed Christ and expressed their desire to lead Christian lives.

## LEAP YEAR DANCE.

A number of young ladies from the high school gave a leap year dance at Odeon hall Monday evening, which was a very pleasant affair. There were present about fifteen couples and the program of dances was highly enjoyed. An orchestra from the Institution for the Blind furnished the music, which was of a superior quality.

## REVIVAL SERVICES

At the Grace M. E. Church  
Closed Sunday—Work of  
Miss Tucker Has Been  
Very Helpful.

The closing day services of the two weeks' revival season at Grace M. E. church were of a very significant and appropriate nature.

Miss Tina Tucker, the Bible reader, conducted the services at the morning and evening hours of worship, taking for her themes "Love" and "Making Choice." Interested audiences listened attentively while the things making for life temporal and eternal were being weighed with the masterful spirit of scriptural assurance. The last day of Miss Tucker's labors was of a tenderly sacred, earnest character, many being deeply grateful for the comfort and consolation of the scripture brought them through the ministry of her patient, triumphant, Christian spirit.

At 3 o'clock in the afternoon the pastor, Dr. H. H. Oneal, took charge of and conducted an old-time love feast meeting. This Methodist service consists of the passing of broken bread and water unto all as a token of the bonds of union and fellowship over all. It is not sacramental in intent, and is therefore free to all who might hesitate to take upon themselves the solemn obligations of participation in the sacrament of the Lord's supper. Following the passing of the bread and water, the hour is devoted to the commingling of testimony in Christian experience of all pleased to give testimony thereto. This afternoon hour was one of great benefit and personal profit to those present.

At the close of the evening's service many came forward to give Miss Tucker a farewell hand shake, a word of cordial farewell and prayer of "God speed you" upon the way of her life's mission.

Unique, new and untried, but thoroughly refreshing have been the methods of Miss Tucker's work. Looking back upon them, their scriptural anchorage becomes more and more apparent, and will in days to come yield a fruitage of unwonted power in wielding the Word of God on the part of many servants of the Master. A free will offering was made at the morning and evening services for Miss Tucker, supplemented by private subscriptions, and she leaves us with grateful feelings for her coming and a lively hope in her future usefulness.

## A PLEASANT EVENING.

About thirty friends of Miss Mardella Henderson were very pleasantly entertained at her home, 735 Railroad street, Saturday evening. Progressive euchre, games and dancing were enjoyed. The affair was planned by Misses Caroline Fernandes, Mardella Henderson, Wayne Walker, Clarence Thompson and Ralph Rudisell. Among those present were: Misses Ada Holbrook, Rosa Smith, Clara Fernandes, Agnes Holbrook, Della Smith, Anna Burmeister, Helen Fernandes, Mardella Henderson, Lena Barr, Lelah Henderson, Louise Salby, and Caroline Fernandes; Messrs. Wayne Walker, Charles Burmeister, Ellis Thompson, Frank Stout, George Burmeister, Ralph Rudisell, Bert Hall, John Young, John Burmeister, John Decker, Lee Roberts, Clarence Thompson, Edward Barr. Light refreshments were served.

## EVENING COMPANY.

The young lady clerks of the Putnam store were entertained Sunday evening in a most delightful manner at the home of Gus Graubner on North Main street. An elegant 6 o'clock dinner was served in courses and the evening was enjoyed with music and games.

## ATHLETIC DIRECTOR.

James Winterbottom has resigned his position in Chicago and arrived in the city Monday accompanied by his wife to make a short visit with parents here, before entering upon his new duties as athletic director at the Milikin University at Decatur.

His appointment to this responsible position in the flourishing school of our neighboring city, is surely an honor well placed, for in the selection of Mr. Winterbottom to take charge of this department the school secures one of the best all round athletes in the state. He made a remarkable record as an athlete while student at the Illinois College where he took several prizes, both in heavy and light gymnastics. Although not a heavy man from an avoirdupois standard yet James was one of the fast men on the Illinois College football team and he was captain of their base ball team. He graduated from Illinois college in the class of 1902 and during that year, had charge of the classes in light gymnastics.

## FIRE ESCAPES

Work Begun on Opera House  
Monday—New Exit to Be  
Added to Balcony.

The work of erecting the new fire escapes, which arrived last week, on the opera house was begun Monday and will probably be completed this week. The escapes are of the approved iron ladder style. There will be two on the east side of the building, two on the south side leading to Court street and two on the west side leading to Main street. The two on the east side will reach from the balcony and gallery of the opera house; the two on the south side and the two on the west side will furnish egress from the office rooms on the second floor of the building and from the rooms of the Grand hotel on the third floor.

A new exit at the rear of the balcony is now being constructed. Doors for this exit were made at the time the building was erected, but nothing further was ever done, and as the doors opened out into space about twenty-five feet above the ground the exit was useless. Now, however, a platform is being built from the doors across a court about fifteen feet wide to a vacant room on the second floor of the south part of the building. A door is to be cut from this platform into the room and from the room another door opens into the large hall. A red light will be kept burning continually in this room during all performances, so that when the exit doors are thrown open people will experience no difficulty in ascertaining in which direction to go.

Dr. Gray, the owner of the opera house, is now in Chicago for the purpose of purchasing an asbestos curtain for the stage. This curtain, when it has been hung, together with the other changes which have been made in the building, such as making all doors open outwardly, cutting new exits, erecting fire escapes, etc., will make the structure conform to the law in all respects and will make it as safe for theatre patrons as any building of the kind can well be made. When the changes have been completed, the owner and manager of the opera house, the city authorities and the citizens of Jacksonville, especially the theatre going portion, will have cause for congratulation.

## CUTTING AFFRAY.

A severe cutting affray took place in Franklin Saturday night in which, it is said, Harry Luttrell was slashed in a terrible manner by a knife in the hands of Milt Morris. It required twenty-six stitches to close Luttrell's wounds.

## AN OLD NEWSPAPER

Printed in Jan. 1800 and Contains News of Washington's Death.

Among her relics Mrs. J. F. Wichn, of Watertown, N. Y., has a copy of the Ulster County Gazette, printed at Kingston, New York, over 104 years ago, as the date is Jan. 4, 1800. The paper was printed during the real infancy of the republic. In 1800 John Adams, the elder, the second president of the United States, was in office. The United States at that time included merely that part of the country east of the Mississippi river, between Canada and Florida, the latter then being a Spanish province. All west of the Allegheny was a vast wilderness. There was no such thing as a railway car or a telegraph, and the newspaper's "dispatch service" had to await the coming of the lumbering stage coach with the mails.

The paper contains much upon the death of George Washington, who died Dec. 14, the month preceding its issue. Two columns are given to foreign news service. Says the editor, in introducing this column: "By the arrival of the Factor (an ocean sail boat) from Falmouth, we are in possession of London papers to the 20th of October, inclusive, from which we make the following selections." The letter "s" used was mostly of the old variety, which looked like an "f." The advertisements would do credit to any of the present day comic weeklies. The following is quoted verbatim from the advertising columns:

"For sale, the one-half of a sawmill, with a convenient place for building, lying in the town of Rochester. By the mill is an inexhaustible supply of pine wood. And also a stout, healthy, active negro wench. Any person inclined to purchase may know particulars by applying to John Schoonmaker at Rochester."

Each advertisement is dated the day it is inserted. The foregoing is dated Nov. 23, 1799, so it is evident that although Mr. Schoonmaker had advertised his stout, healthy and active negro for nearly two months, he had found no one wanting her.

Congress was in session and the news of the doings of that body is taken verbatim from the minutes of the proceedings.

In the Gazette appears a poem on the death of George Washington, written by a "Young Lady":

Where'er I turn the general gloom appears,  
Those mourning badges fill my soul with fears;  
Hark—ponder rueful noises—'tis done—'tis done—  
The silent tomb invades our Washington.

Weep—kindred mortals—weep, no more you'll find  
A man so just, so pure, so firm in mind;  
Rejoicing angels hail the heavenly sage,  
Celestial spirits greet the wonder of the age.

Papers printed before the civil war are considered old nowadays, but this one, printed but thirteen years after the declaration of peace between the United States and Great Britain, is a unique relic.

## LEAP YEAR BIRTHDAY.

Julius Goes, who resides on Pine street, was very pleasantly surprised Monday night at his home by a large number of his friends, who assembled to assist him in celebrating his birthday, the first one he has had for eight years. As he first saw the light of day on Feb. 29th, he has a birthday only once in four years, or every leap year, and the last time he had a chance to celebrate was Feb. 29, 1896.

The evening was passed in a delightful manner with games and amusements and all present thoroughly enjoyed themselves. Excellent refreshments added to the pleasure of the occasion. In departing, each guest expressed the sincere wish that Mr. Goes' future birthdays might be of sufficient happiness to atone for what they will lack in numbers.

## BOWLING CONTEST TO NIGHT.

The Roodhouse bowling team is expected in this city to night for a contest with the Country club team. The rivalry between these two teams is keen. Three contests have been held, two in Roodhouse and one in this city. The Roodhouse team won both games played at home. The game to night will be played at the Drexel.

## SOFTNESS OF SEALSKIN.

**Divided by Human Hair Where Dandruff is Eradicated.**

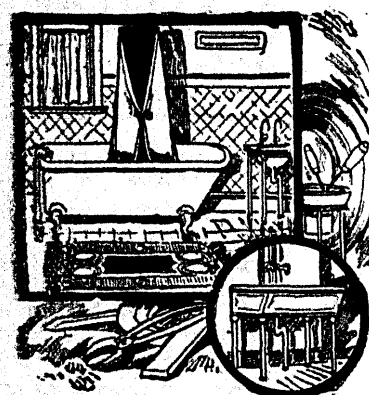

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Sealing the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

## HUMOR OF THE HOUR

## Benefits of Seeing Double.

A resident of one of the small towns went to the city to consult an eminent oculist, whose fee is never less than \$10. The stranger was rather green in appearance, so the doctor thought to have a little fun at the expense of his rural visitor. A prism was placed before his eyes in order to test the muscles.

"Why, doctor," exclaimed the patient, "I see two candles!"

"Indeed!" replied the doctor. "You are very fortunate."

"How so?"

"Why, just think what an advantage you have over the rest of us! You see everything double, and beautiful pictures, charming landscapes and lovely faces are all repeated to you."

When the prescription for the proper glasses was written the man from the country, without a smile, laid a five dollar bill on the table with the remark:

"There, doctor: there's \$10 for you."

## A Soft Answer.

An Irishman was called upon to give evidence in a shooting affray.

"Did you see the shot fired?" asked the magistrate.

"No, sir, but I heard it," replied the witness.

"That is not satisfactory. Step down."

As the Irishman turned to go he laughed and was rebuked by the magistrate, who told him it was contempt of court.

"Did you see me laugh?"

"No, but I heard you."

"That is not satisfactory."

And then the court laughed.—Green Bag.

## Color Blind.

Algy: I—aw—feel awful blue, don't you know.

Miss Flip:—Then I must be color blind.

Algy:—Well, I—aw—don't—er—guess your ideal.

Miss Flip:—Well, you look green.

## Narrow Escape.

Wiggins (the coachman):—What a shocking accident almost happened as I was driving mistress in the park this morning!

Bobbins (the butler):—Wiggins! Wiggins—Oh, yes. A fat man slipped and fell, sprawling on the ground most comic, and I came near smiling.—Browning's Magazine.

## All Put On.

"Say," remarked little Tommy, who had heard his father and mother discussing investments, "pa just said something about an 'outside figure.' Wonder what that is."

"Why, son has one," replied his sister Ethel. "It's the pudgy one she wears when she goes out."—Philadelphia Press.

## Sympathy.

Mr. Ferguson:—Laura, how much more have you got of this new breakfast food?

Mrs. Ferguson:—Enough to last us a month yet. That reminds me, George, that I heard a mouse last night in the drawer where we keep it.

Mr. Ferguson:—Poor thing!—Chicago Tribune.

## Perennial.

"I suppose Lizzie Oletimer is glad it is leap year," said the soft spoken Heloise.

"I don't suppose it makes much difference to her," replied the mellow voiced Irene. "She has been jumping at every chance she saw for fifteen years."—Judge.

## Her Stand For Principle.

"Are you at all familiar with Homer?" asked Mrs. Oldcastle.

"Oh, mercy, no!" replied her hostess. "I believe in teaching these men dress-makers to know their places, just as much as the coachmen."—Chicago Record-Herald.

## CONDENSED STORIES.

## A Father Who Never Failed to Keep His Promises.

In an address on the labor question W. Bourke Cockran, the well known New York orator, told a story of his boyhood.

"I was born in Ireland," he said, "and in Ireland I obtained a part of my education. I remember well the school I attended, and I remember well a schoolfellow of mine named Michael, a lad who was always talking about trouble and always looking for it. We are on the question of trouble now, and therefore, in Michael's experience, it may be there is something to profit us."

"Michael boasted constantly that the master was afraid to flog him. Why? Oh, because his father had said that if a hand was ever laid upon the boy there would be trouble. But one day Michael misbehaved, and the flogging due was not long in coming."

"The boy went home indescribably enraged. He sought out his father."

"Father," he said, "didn't you say that if the schoolmaster ever licked me there would be trouble?"

"I did," the father answered. "Well, I was licked today and only for throwing paper pellets about the room."

"The father frowned. 'I never fail, my son, to keep a promise,' he said. 'There is going to be trouble. Fetch the strap.'"

Boston Post.

## Obedience to the Letter.

Superintendent S. D. Smith of the Manhattan elevated lines, illustrating to some employees who were

"THE BOSS TOLD ME TO SPRINKLE BEFORE SWEEPING."

up on complaints of the use of intelligence in the carrying out of orders, told this story:

"I was going through Washington street the other day when I saw a boy lug out a watering can and begin to sprinkle the pavement while the rain was coming down briskly."

"What are you doing that for?" I asked the boy.

"The boss told me always to sprinkle the pavement before sweeping it," replied the lad, who showed a most commendable spirit of obedience, but an utter lack of appreciation of the purpose of the sprinkling.—New York Times.

## Just Take 'Em Out.

Representative Clayton of Alabama tells this story, according to the Washington Post:

"The testimony in the case was all in, and while the eloquent summing up of the counsel and the learned charge of the court were still echoing through the halls of justice the court ordered a constable forward to take charge of the jury while deliberating on a verdict. The officer appeared with uplifted hand, and the court began the usual oath:

"You do solemnly swear that you will take the jury to some convenient place and there they safely keep without"—But here the judge failed to remember the balance of the oath and concluded with: "And all the rest of the little fixings. You know what they are better than I do. Take the jury out."

## The Rabbits Understood Latin.

Here is a story which is credited to Lord Bacon: A company of scholars going together to catch rabbits had one scholar with them who had not much more wit than he was born with, and him they cautioned to be silent if he saw any rabbits for fear of scaring them. But he saw a company of rabbits before the rest and cried out in Latin, "Behold, many rabbits!" He had no other words, and the scholars, being so fond of their sport, began to shout and cry, "Where are the rabbits? Where are the rabbits?" and the rabbits, understanding Latin, ran away.

## FOR THE LITTLE ONES.

## How the Up to Date Bunny Played a Trick Upon Mr. Man.

One day Mr. Rabbit was loping around the woods, looking for whatever might satisfy his hopeless appetite, when he espied a large trap set by Mr. Man. He walked up cautiously and inspected it. Inside was a luscious looking chestnut. Mr. Rabbit's mouth watered, but, being an up to date rabbit, he sat on his haunches and considered.

"Huh!" said he. "That sort of thing is played out. Might have fooled my granddaddy, but he's got to play a foxier game than this to catch yours truly. Wonder how I'll get that chestnut, though."

It did not take him long. In a moment he was off on a trot to Mr. Man's cabin in the woods and banging on his back door.

"Ho! Mr. Man, come out here!" Mr. Man stuck his head out.

"What yer want?" he asked.

"Please, Mr. Man, give me a brick."

"What yer want with a brick?"

"Oh, I'm tired of life and want to die. Earth has no joys for me more. I'll tie the brick around my neck and jump in the pond. You'll never be troubled with me again."

Of course Mr. Man wanted to get rid of Mr. Rabbit, as he had done so much harm about the place, so he gave him the brick.

Mr. Rabbit thanked him sadly and started for the pond.

"Now watch me," he grinned when he got back to where the trap stood. Saying which, he tied the brick on to the other end of the lever that held the trapdoor and quietly got his chestnut out without harm. On the inside of the trap next morning Mr. Man found a note which read, "Mr. Man, you are a chestnut!"

## The Baby Elephant's Dream.

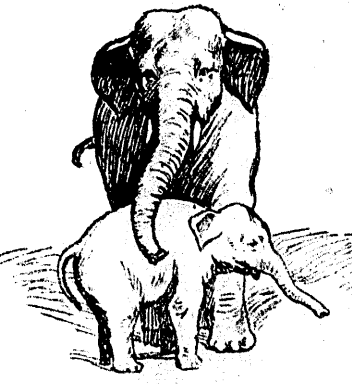

Bolly, the baby elephant in the circus, was very discontented about his trunk. His mother had scolded him and pointed out to him how necessary a trunk is to an elephant and even shook him, but it did no good.

"All the other animals have only noses," Bolly mourned. "And the camel he calls me Little Two Tails, and I don't like it, and I wish this old trunk was gone away and I could have a nice hook nose like the parrot."

"Better see if you can't get the fairy queen to change it," whispered one of the little spotted ponies. The spotted ponies drew the chariot of the fairy queen in the big circus parade, and they certainly knew whether she could change an elephant's trunk into a hook nose.

Anyhow Bolly made up his mind to ask her to do so next day, and he went to sleep full of the excitement.

Suddenly he awoke. He felt very queer. He understood now what the men meant when they said they were light headed—his head felt so light it seemed as though it would fly up with him. He was hungry, too. He thought he would take a nip of the nice hay lying at his feet. He reached down for it and reached and reached and reached. What was the matter? Oh, his trunk was gone; that was it! He tried to wake up his mother, but he had nothing to touch her with. Finally he butted her and kicked her, and she spanked him severely.

## BOLLY AND HIS MOTHER.

before she got her eyes thoroughly open. But when her eyes were open she first began to laugh and then cried at the sight of poor Bolly's hook nose, and if you never saw an elephant have hysterics you don't know how like a cyclone it can be.

Right at the worst of it Bolly felt some one shake him. He opened his eyes; he woke up. The dreadful thing had been nothing worse than a dream. Oh, how glad he was!

"Bolly," granted his mother, "you shouldn't eat so much hay for supper. It gave you nightmare, and you were groaning terribly."

## It Would Last Longer.

"Say, mamma," queried a young old Harry, "are you going to leave me alone or are you not?"

"Why do you ask that?"

"Because you've been gone so long."

The competition is open to all. The only conditions being that for each five different ways of spelling Egg-O-See you must send in one of the little printed folders, same as used in the school children's drawing contest, found on the inside of each package of Egg-O-See. For instance if you have 15 different spellings it would be necessary to send three folders. Be sure and write your name and address plainly. The spelling must be such as could properly be pronounced Egg-O-See. The school children to whom we have paid thousands of prizes for drawings can all enter into this contest with equal chance of gaining a prize. Save the little folders in the Egg-O-See packages and make out as many ways of spelling as you can, and then ask your parents and friends to add to the list. Here are a few ways of spelling Egg-O-See: Egg-O-See, Egg-Oh-Cee, Egg-O-Sy, Egg-O-Cie.

We offer these prizes to more thoroughly familiarize the people with the merits of Egg-O-See, the best of all flaked wheat foods. It is now generally conceded that flaked wheat is the most healthful and convenient of all foods, and Egg-O-See is displacing 90 per cent of all other kinds, because of its superior quality and cheaper price.

(By Associated Press.)  
Chicago, Feb. 29.—Wheat—There was heavy trading, largely in the way of liquidation, lower prices ruling. May selling off to 95 1/2, July to 95 1/2. Close showed former 2 1/2 lower, the latter off 1/2. Bear interests displayed more confidence than in many weeks and were aggressive in the selling side from the start. Long staff came out in large quantities and spot-loss orders were numerous. The late bull party in May purchased July with considerable freedom and at times cooled to steady the market. News at hand was mainly bearish outside of cables and dry weather in southwest. Orders came in on the break and there was moderate recovery from inside figures. Close was weak. Liverpool 1 1/2 lower to 1 1/2 higher.

Corn—Unsettled weather and breaking up of country roads that will follow caused considerable commission houses buying early and the market was firm in view of weakness in wheat. The market, however, naturally felt effects of the severe decline in wheat and the profit-taking due to that weakness. Selling was chiefly by longs. May showed greater firmness than July owing to scarcity of contract grades. Close was steady. May unchanged, July off 1/2. The count five bushels were taken. Liverpool unchanged to 1 1/2 higher.

Cattle—To-day's receipts of 21,000 were hardly as heavy as most traders expected and shippers and exporters with urgent orders to fill and security of such cattle as they needed were compelled to pay the advance for many good cattle. Choice fat were scarce, few here good enough to sell up to \$5.50, general quality offered being the poorer. Seen here in many places. Light, half-fat steers and butchers' stock were in heavy supply, but were slow of sale, as were stockers and feeders. Good to prime, \$4.50 to \$5.00; poor to medium, \$3.50 to \$4.00; stockers, \$3.50 to \$4.00; cows, \$3.50 to \$4.00; Texans, \$4.00 to \$4.50.

Hogs—To-day's supply of 50,000 was ample for requirements of Monday trade. Packers were not as usual and held their bids 10 to 15 cents below last week's late prices, while speculators and shippers bought some hogs at 56 to 60 below Saturday's prices. Mixed and butchers, \$5.00 to \$5.50; good to choice heavy, \$5.50 to \$6.00; rough heavy, \$5.00 to \$5.50; light, \$5.50; bulk of sales, \$5.00 to \$5.50.

Sheep—Receipts, 35,000. There was good general demand and prices were steady. Sheep, \$5.00 to \$5.50; lambs, \$5.00 to \$5.50.

ST. LOUIS MARKET.  
St. Louis, Feb. 29.—Wheat—Cash, 1.04 1/2; May, 1.05 1/2; Corn—Cash, 45 1/2; May, 45 1/2; Oats—Cash, 45 1/2; May, 45 1/2.

LIVESTOCK.  
Cattle—Receipts, 4,000. Market steady to strong. Butchers, \$5.00 to \$5.50; stockers and feeders, \$4.50 to \$5.00; cows and heifers, \$4.50 to \$5.00; Texas steers, \$4.50 to \$5.00; Hogs—Receipts, 3,000. Market 56 to 60 lower. Range, \$4.50 to \$5.00.

LIVERPOOL MARKET.  
Liverpool, Feb. 29.—Wheat—Spot, nominal. Corn—Spot steady; American mixed new at 4s 3/4; American mixed old at 4s 6 1/2.

NEW YORK MARKET.  
New York, Feb. 29.—Wheat—Receipts, 41,000 bu; exports, 40,000. Spot steady. No. 2 red, 1.06 elevator and 1.06 1/2 f. o. b. float. Options closed easy at 1.06 1/2; May closed at 1.05 1/2. Corn—Receipts, 22,000 bu; exports, 800. Spot easy; No. 2, nominal elevator and 5 1/2 f. o. b. float; No. 2 yellow, 5 1/2; No. 2 white, 5 1/2. Options closed 1/4 1/2 lower; May, 5 1/2.

FINANCIAL MARKET.  
New York, Feb. 29.—Fleeting, wavering prices in to-day's stock market represented nothing more than a fatuous attempt of a few small room traders to find a movable spot in the market, either an upward or a downward course. The range of the day's extreme movement was an average of considerably less than at about the same time last week. The level was not more than a small fraction. Opening movement was inclined downward to day. Eries were slightly heavier than the average, which was accounted for by extremely unfavorable showing of net earnings for January, with fall of nearly a million dollars from the level of last January, due both to an increase in operating expenses and a decrease in gross earnings. Railroad reports for the day were generally unfavorable, with notable exception of Union Pacific, which was able to show a reduction of expenses of \$1,000,000 over the increased gross. Closing quotations:

Money on call easy at 1 1/2; last bid, 1 1/2; offered at 2. Time money steady; sixty days at 4 1/2; ninety days at 4 1/2; six months at 4 1/2.

Prime paper at 4 1/2.

Exchange rate. Demand at 48.7000; 48.75; sixty days at 48.5500; 48.50.

PROPER TREATMENT OF PNEUMONIA

Pneumonia is too dangerous a disease for any one to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip and by the proper treatment of these diseases a threatened attack of pneumonia may be averted off. There is no question whatever about this, as during the thirty years and more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of a cold or attack of the grip which have resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by all leading druggists.

FOR SICK AND NERVOUS PEOPLE.

We have a cure for nervous and steady people, weak, fleshless people, and pimply, pale or sallow people; people who are troubled with loss of ambition, failing memory, depression of spirits, lack of confidence, nervous headache and wakefulness, all these symptoms are produced by weak nerves brought on by the watery condition of the blood. Make strong, rich red blood, and furnish food for the nerves is the way to stop the source of disease, and cure them is only a question of days. The best flesh and food builder is Dr. Gunn's Blood and Nerve Tonic, in tablet form to take at meal time. Sells at 75c a box or three boxes for \$2, at all druggists. People gain from 1 to 3 pounds of solid healthy flesh per week by the use of this medicine. This is an indication that it is doing good. Lee P. Allcott, Druggist, east side square.

A Matter of Surface.  
"Mr. Jinxon is a very broad minded man," said the admiring friend.  
"Broad minded!" echoed Miss Cayenne. "Possibly that's why so many of his remarks seem flat."—Washington Star.

Healthful Hot Bread

Southern cooks are famous for hot bread, molasses, rolls, cakes, etc. Full success in these tempting and appetizing bakings is due to the general use of

GOOD LUCK Baking Powder

It makes hot bread wholesome and nutritious; makes it light and white; makes feathery cakes and pastries. Save the sections of fruit from pictures and use it. If not at your dealer's write to THE SOUTHERN MFG. CO., Richmond, Va.

## HINTS FOR FARMERS

An Experience With Out Hay.  
We always seed our oats with a drill, using a good fertilizer on them at the rate of 250 pounds per acre. Last spring I bought 500 pounds of fertilizer of potash to use with the fertilizer as an experiment. It was sifted to break lumps and about sixty pounds per acre mixed with the usual dressing of fertilizer. The oats looked fine upon the start, and when harvested many said they had never seen finer oats grown. When thrashed, there was a good yield of very fine grain, but not so large a yield as had been expected, seven acres yielding an average of only forty bushels per acre, but the straw was a sight to make one glad—long, leafy and soft. We began by trying to feed our horses with it, but by morning their stall floors were bare. They had eaten it clean. Then we began to feed it in stand of hay and have fed it to horses, with an occasional feed of hay given for change, until the present date. They do well on it so far and are not constipated, as is usually the case when oat straw is fed. I expect to make the experiment again this year, using much more seed per acre, as last year's crop seemed to indicate that the plants might have stood much thicker and still had enough room and plenty of food. I might add that we have found on our heavy clay soil that the crop does better when the ground is well plowed as deep as the soil will stand, with the furrows laid close together, and then only once harrowing to bring it to an even surface, the loss harrowing the better. The plan of seeding grass in the fall without any manure has been practiced here by us for many years. The use of rotlopp is a very marked improvement over sowing timothy alone.

### METHODIST CONFERENCE

#### Delegates to Missionary Gathering at Bloomington Will Leave Today.

The state missionary conference of the Methodist church will open a three days' session in Bloomington today. As this is the year of the quadrennial general conference of the Methodist church, missionaries in large numbers are returned from foreign fields and the opportunity to learn of the actual conditions in missionary enterprise is exceptional. A great conference is expected at Bloomington and addresses will be made by prominent missionaries who have spent years in the work.

It will be a delegated conference and the attendance is limited to 1,000. Only delegates are admitted to the conference.

The Woman's college of this city will send eight delegates to the conference and they are, from the faculty, Dr. J. R. Harker, Miss Olive Austin and Miss Katherine Cole; from the students, Miss Fackett, Miss Dick, Miss Berryman, Miss York and Miss Arthur.

### INQUEST HELD

#### Coroner's Jury Return Verdict in The Case of Martin Rude.

Coroner Reynolds empaneled a jury Monday and held an inquest over the remains of Martin Rude, who was run over by a Burlington train Friday evening, death resulting from the injuries.

Just how Rude met his death is not known, as no one saw him fall under the train. Two witnesses appeared before the jury, Andrew Peterson and Gus Sholdt, both of whom were with him a short time before the accident. Peterson, in his testimony, said that he and Rude boarded a coal train that was going out on the Burlington about 7 o'clock Friday evening. Rude boarded the train at one place and Peterson got on a few cars further along. Nothing more was seen of Rude until the next morning at the morgue. Peterson said after the train had gone several blocks he jumped off and looked for Rude, but not seeing him thought that possibly he had gotten into a box car, and so boarded the train again. When the train arrived at Concord he thought it strange that Rude did not get off, but supposed at that time that he got off in Jacksonville.

Gus Sholdt testified that he had known Rude since he was a boy and that he was born in Norway, where his father and mother now live. He said he had a sister, Miss Ella Rude,

living in Chicago; a brother, Louis, residing in Arbor Vitae, Wis., and a brother in Chicago.

The verdict of the jury was that "the deceased came to his death by accidental injuries from falling off a C. & B. & Q. coal train, while attempting to ride the same from Jacksonville to Concord, Friday evening, Feb. 26, 1904."

### CAMBERLAIN'S STOMACH AND LIVER TABLETS. UNEQUALLED FOR CONSTIPATION.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use to day for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by all leading druggists."

### THE DEATH RECORD.

#### STURDY.

Mrs. Harriet Sturdy, widow of Thomas Sturdy, departed this life at her late home in Lincoln, Neb., Monday, Feb. 22, 1904, at the mature age of 76 years, four months and twenty-nine days. Her maiden name was Miss Harriet Malory. She was born in High Forden, Yorkshire, England, Sept. 23, 1827, and was united in marriage to Thomas Sturdy in Scarborough, England, April 6, 1850. She and her husband immediately sailed for America, arriving safely at Quebec, Canada, after a perilous voyage of nine weeks and three days. After a residence of seven weeks in Toronto, they removed to Morgan county, Ill., and settled in Lynnville, where they continued to live for thirty-one years.

In the spring of 1881 they removed with their family to Lancaster county, Nebraska, where they have since resided. To this union were born three sons and six daughters. One son and two daughters passed away in infancy, their eldest daughter, Margaret, at the age of 22 years. Two sons, George M., of Jacksonville, Ill., and Thomas S., of Cheney, Neb., and three daughters, Mrs. C. B. Camp, of Cheney, Neb.; Mary E. and Emily J., of Lincoln, Neb., and sixteen grandchildren remain to mourn the loss of their mother and grandmother.

On Wednesday, Feb. 24, the funeral services were held from her late residence, Sixteenth and O streets, Lincoln, Neb., Rev. Walter Williams conducting the service. The interment was made at Cheney cemetery by the side of her husband, who preceded her two years, seven months and twenty-one days.

#### ROBERTS.

Mrs. James R. Roberts, of West Independence avenue, died at Passavant hospital Monday evening at 11 o'clock after an illness of three weeks' duration. Death was due to complications.

Mrs. Roberts was 38 years of age and was born in Macopin county. She was married in January, 1884, to James P. Roberts, of this city. She was a member of the Christian church and was a woman of lovable character and amiable disposition. In the family and among a wide circle of friends her death will be most keenly felt.

In addition to her husband she is survived by four children, the oldest of whom is 18 years old. Also her parents, Mr. and Mrs. J. M. Moore, of North East street, two sisters, Mrs. Sarah Brighton, Miss Amanda Moore and one brother, William J. Moore, all of this city.

Funeral announcement will be made later.

#### SHEEHAN.

Patrick Sheehan, one of Morgan county's oldest citizens, died at 1 o'clock Monday afternoon at Our Savior's hospital of pneumonia. He was 90 years of age at the time of his death and in his enfeebled constitution was not able to withstand the ravages of the disease.

Deceased was born in Ireland in 1814 and came to Morgan county fifty years ago. For more than forty years he conducted a farm not far from Woodson and was very successful in his occupation. Eight years ago he removed to this city, where he has since resided. He was honest, upright and industrious and will be greatly missed by his many friends. He is survived by four children, two daughters, Mrs. Herman Curtis, of Jacksonville, and Mrs. William Brown, of Sinclair, and two sons, Michael, of St. Louis, and John, of Woodson.

The funeral will be conducted from the Church of Our Savior Wednesday morning at 9 o'clock, followed by interment in Calvary cemetery. The remains were removed from the hospital to the residence of Mrs. Katherine Sheehan at 639 North East street.

#### WRIGHT.

Mrs. Mary Ellen Wright died at her home near Woodson Saturday night about 6:30 o'clock. She was about 70 years of age.

The deceased was born in Ohio and has resided in this county for nearly fifty years. It was only recently that she and her husband celebrated their fiftieth wedding anniversary. She is survived by her husband, two sons and one daughter.

The funeral was conducted from the Christian church at Woodson Monday morning at 11 o'clock, being in charge of Rev. George Miller. The remains were taken to Litterberry for interment.

#### HUNTER.

The remains of the late Frank Hunter, who died recently in Colorado, were expected to arrive in Jacksonville this morning at 2:55 o'clock. Funeral plans have not been made.

#### WILSON.

Mrs. Amanda Wilson died of pneumonia at her home in Virginia Monday afternoon about 1 o'clock. Her illness was of short duration and her death came rather unexpectedly. She is survived by her husband and five children, Favre, Herschel, Mamie, Earle and Mrs. Dessa Horrom.

The funeral will be held Wednesday afternoon at 2 o'clock.

#### FUNERALS.

##### SMALLEY.

The funeral of Mrs. Fannie Smalley was held Monday afternoon and the services, which were of a solemn and appropriate character, were in charge of Elder Lackey. Interment was in Jacksonville cemetery and the bearers were: Julius Rice, Charles Rob-

inson, Rev. Mr. Lewis, Jonas Brown, James Mathews and Peter Ogden.

##### CASSELL.

The funeral of Mrs. Emily O. Cassell was conducted Sunday afternoon at 2 o'clock from the residence of her son, Lyman O. Cassell, on North Church street, and there were gathered at this home many friends of the family to pay a last tribute of respect to one who had been held in the highest esteem. Rev. J. E. Lynn, pastor of the West Side Christian church at Springfield, conducted the services and he spoke in a most impressive manner of the life of her whom he had known so many years. His tribute of praise, in speaking of her beautiful character, whose influences had always been most helpful, was spoken with a deep sincerity. Rev. R. F. Thrapp, pastor of the Christian church in this city, assisted in the services. Hymns were sung by a quartet consisting of Misses Lola Evans and Marie Finney, Messrs. C. L. Hayden and John Ball.

Many beautiful flowers testified to the high esteem in which the deceased was held, and they were cared for by Mrs. Joseph Capps and Mrs. William Ellis.

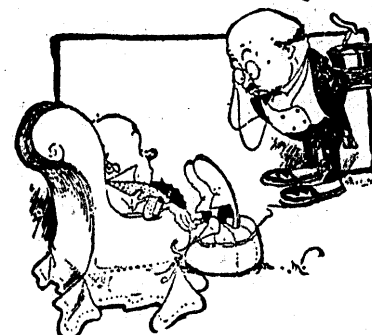

The bearers were: F. L. Hairgrove, Abram Wood, Joseph L. Capps, William Ellis and William Dalton.

After the services at the house the remains were borne to Jacksonville cemetery, where interment was made.
